

C1 FOR OCR

LIST OF WORKSHEETS

Indices and Surds

- A Surds
- B Indices
- C Indices and surds – further questions
- D Mixed exam-style questions on indices and surds

Polynomials

- A Polynomials
- B Quadratics – factorising
- C Quadratics – completing the square
- D Quadratics – the quadratic formula and the discriminant
- E Quadratics – further questions
- F Simultaneous equations
- G Inequalities
- H Inequalities – further questions
- I Mixed exam-style questions on polynomials
- J Mixed exam-style questions on polynomials

Straight Line Graphs

- A Equations of straight lines and the mid-point of a line segment
- B Parallel and perpendicular lines
- C Straight line graphs – further questions
- D Mixed exam-style questions on straight line graphs

Graphs of Functions

- A Graphs of functions
- B Transformations of graphs
- C Mixed exam-style questions on graphs of functions

Circles

- A Circles
- B Circles – further questions
- C Mixed exam-style questions on circles

Differentiation

- A Gradient of a curve
- B Differentiation
- C Gradients, tangents, normals and rates of change
- D Increasing and decreasing functions and stationary points
- E Differentiation – further questions
- F Mixed exam-style questions on differentiation
- G Mixed exam-style questions on differentiation
